Donation?

We Can Help!

Crafty Candles donated over \$500 worth of product in 2016

Did you know?

Crafty Candles loves helping the community, however we were exceeding our budget within the first couple days of the month! Yikes! We couldn't choose who to help, that's just unethical. So we came up with a system that works fantastic! We match 50\50.

How it works...

We Match What You Spend!!

To combat our budget issue, we will now match your purchase. Spend \$20? We will add another \$20 worth of product*. Spend \$100? We will add another \$100 worth of product. Now your donation is worth double!

*of Crafty Candles choice

What You Need...

So you want to take advantage of our great program? That's fantastic! We can't wait to help. We will need an official letter from the organization that you are helping! Keep in mind, we do charge tax for your portion, as it is a purchase, so whatever you want to spend, add tax to it!

Packaging is included in our portion, we're advertising our company too! Be rest assured your donation will look beautiful!
